

Expanding Our Team

CONCEPTS AV Integration continues to expand our team of AV professionals with the addition of Paul Moerke.

Paul joins our team of technicians with 18 years of audio visual installation and programming experience. He is a certified Electrovoice Speaker repair technician and has been trained in Extron Electronics and Shure: Professional Media. Paul also brings experience as a sound engineer for large venue live events and sound studio design.

CONCEPTS welcomes the growth of our team with the added expertise of Paul. We are confident that our new addition will help us improve service to our clients and enable us to take on more business in the future.

Creating the Perfect Ambience

Renting LED lighting can transform your event with a wide variety of rich colors and a quality that can't be beat. Unlike traditional lighting, LED lights give off no UV emissions and very little infrared making them safer and suitable to use around heat sensitive items. LED lighting requires less voltage than traditional lighting and the lower energy use helps reduce operational costs.

LED fixtures are smaller in size making them ideal to rent for events where space is a concern. They are also easier to transport and arrange. They can be used to create almost any perceivable color and can be easily changed from one color to the next.

If you are interested in renting LED lighting for your next event, contact CONCEPTS AV Integration for selection and pricing.

Your Resource for FSR

CONCEPTS AV Integration can help you get the best prices on the FSR products you need for your project. Our close relationship with our manufacturer gives us savings that we can pass on to your business.

FSR specializes in AV connectivity needs and manufactures interfaces, matrix and seamless switchers, distribution amplifiers and CATx solutions in addition to their wide variety of floor, wall, ceiling and table boxes.

CONCEPTS AV Integration is proud to distribute quality products manufactured in the United States from a company with over 30 years of experience. We can give you the products you need for less.
